

Where sound becomes experience.

Elevate your everyday listening to an extraordinary sound experience with the Harman Kardon Onyx Studio 9. This elegant wireless Bluetooth® movable home speaker delivers superior audio performance with crystal-clear vocals, bright highs, and deep bass that make your favorite music feel thrillingly immersive. Constant Sound Field technology widens the soundstage and improves the clarity and detail of your music. The substantial integrated handle (made with 90% recycled aluminum) and built-in battery with 8 hours of playtime make the Onyx Studio 9 easy to move with you in and around your home, and a built-in USB port recharges your device while you enjoy your music. And thanks to automatic self-tuning, it always delivers the best possible sound performance wherever you set it down.

Features

- ▶ Superior sound performance with a wider soundstage
- ▶ Iconic design
- ▶ Bluetooth music streaming
- ▶ Multi-speaker connection by Auracast™
- ▶ Built-in battery
- ▶ Self-Tuning
- ▶ Boost stereo sound with two speakers
- ▶ USB Charging port
- ▶ Harman Kardon One App

Features and Benefits

Superior sound performance with a wider soundstage

Get lost in your music with our new Constant Sound Field technology. The three-channel system, featuring a dedicated center channel for crystal-clear vocals surrounded by two specially designed tweeters, delivers a wider soundstage. This immersive experience brings your favorite songs to life all around you.

Iconic design

The Harman Kardon Onyx Studio 9 has a clean, circular design that looks great everywhere. The integrated aluminum frame doubles as a sturdy handle and stand, the soft but durable fabric looks sharp and feels nice, while the easy-to-use silicon buttons on top give you quick control.

Bluetooth music streaming

The Harman Kardon Onyx Studio 9 pairs seamlessly with up to two mobile devices simultaneously. Take turns sharing playlists and music, all in enhanced, dynamic sound.

Multi-speaker connection by Auracast™

The Onyx Studio 9 features multi-speaker connection via Auracast. By pressing the Auracast button on the speaker or using the Harman Kardon ONE app, you can connect two or more Harman Kardon speakers to transform any space into an exciting musical environment. Effortlessly synchronize as many speakers as you want and create an immersive audio experience.

Built-in battery

With its rechargeable built-in battery, you can enjoy the Harman Kardon Onyx Studio 9 anywhere in your home, and easily transport it from one room to another for up to 8 hours of playtime.

Self-Tuning

Enjoy perfect sounds wherever you take the music. When you power on, the Onyx Studio 9 automatically calibrates to its environment, ensuring the best sound possible no matter where you set it down.

Boost stereo sound with two speakers

Quickly and easily turn up the celebration with a wider, more detailed soundstage by pairing two Onyx Studio 9 speakers together, wirelessly.

USB Charging port

Never worry about your mobile device running out of juice while you're streaming your favorite audiobook. The USB charging port means you and your device will always be ready for anything.

Harman Kardon One App

The Harman Kardon One app helps you easily set up the Onyx Studio 9, and personalize audio settings. You can also customize EQ and control all your compatible speakers in one convenient place.
